CENTRAL SPLASH

SUNDAY  
10.45AM—2.00 PM  
SERVICE

## SHINING LITTLE STARS

Centrepoint's Splash dance class performed their autumn show last week on Friday, the 30th of October. After having a fun light party with lots of games, coloured masks and all kinds of party snacks, professional dance class leader Sarah Kumar and her students presented their weekly dance routine, a rap and also a drama. Many parents and church members came to watch the show and were visibly amazed by the creativity and passion of this young group of people so that everyone is already looking forward to this year's Splash dance class show on Christmas.

## HAIRY CHARITY

On Thursday, the 29th of October, Centrepoint Christian Church had a special event taking place. Helen Rich, a woman with beautiful long hair decided to get her hair cut for charity. After letting it grow for six years, she made the decision to donate it for the sake of people that lose their hair because of diseases such as cancer. She also decided to donate the money she raised through sponsors to Centrepoint Christian Church. What an amazing example for generosity!

## STEP INTO THE WATER

On the 5th of October, Centrepoint Christian Church celebrated another wonderful event: The Baptism of Layla– Leigh– Lewis:

*"I'm a better person now. I look at things differently and I have a more positive mindset. It's the best thing ever! I believe that God did it to me for a reason. And if I hadn't done it for God, there would have been no reason for me to do it. My faith wouldn't be as strong as it is now. If anyone was saying 'Where is the point of getting baptised?' I'd say I feel like I got all this holiness in me and it's definitely worth it. All in all it has changed my life. When I stepped out of that water, I felt like flying. I felt so light and at*

*the same time very emotional. I recommend it to anybody, because it will change their lives for the good. I don't regret a thing"*

*Layla–Leigh Lewis*
